Languages: English (Fluent); Turkish (Fluent); German (Beginner)

WORK EXPERIENCE

Bumper UK   **London, United Kingdom**
Frontend Developer – Remote   *February 2023 – Present*
- Refining the UI/UX of the web app using Next.js, TypeScript, Redux, and Tailwind CSS.
- Restructured the codebase that resulted in 30% decrease in bundle size, faster load times, and enhanced UX.
- Integrated multiple payment methods such as SEPA that boosted transaction completion rates by over 22%.
- Implemented E2E automated tests with Cypress that reduced frontend bugs post-release and reached 80% test coverage.
- Developed a dedicated loan application flow for returning customers to improve UX and user retention.
- Led a successful domain migration while ensuring uninterrupted service and no drop in organic traffic.

Akinon   **Ankara, Turkey**
Frontend Developer   *November 2020 – January 2023*
- Built new front-end features while ensuring code's reusability and adaptability for top brands like Lacoste, Sephora, Gap, Marks & Spencer, Samsonite, and LC Waikiki.
- Led optimization projects that boosted web loading speed by 20% to ensure scalability for growing user bases.
- Integrated our in-house custom-built CMS into client e-commerce platforms, enabling comprehensive management of orders, CRM, revenue tracking, and analytics.
- Produced in-depth documentation for web components, partials, and APIs that over 200 developers used as their go-to reference.

Re:Coded   **Istanbul, Turkey**
Frontend Developer   *February 2020 – October 2020*
- Collaborated with a diverse team to develop and deploy educational platforms, enhancing the learning experience for hundreds of students across Turkey, Iraq, and Yemen.
- Created Jest test cases to ensuring code reliability and the consistent performance of web applications.
- Mitigated software bugs and issues to improve platform stability for users.

Fors Real Estate and Express Group   **Istanbul, Turkey**
Sales and Course Manager   *November 2016 – March 2018*

In prior roles, I honed diverse skills, overseeing an English Language Course for the Ministry of National Education, managing aviation services, and preparing bespoke flight training for international clientele. I was entrusted with tasks ranging from presenting purchase offers to buyers, crafting essential contractual documents, to recruiting and training personnel. These experiences cultivated my ability to multitask, lead, and adapt in fast-paced environments.

EDUCATION

Istanbul University   **Istanbul, Turkey**
BSc. Management Information Systems   *September 2022 – June 2024*

Flatiron School   **New York, USA**
Web Development Bootcamp   *March 2020 – August 2020*

Istanbul Gedik University   **Istanbul, Turkey**
BSc. Political Science and Public Administration   *October 2012 – June 2016*

OUTREACH AND ENGAGEMENTS

The Disaster Solidarity Mentorship Program – **Adesso & SistersLab**   **Istanbul, Turkey**
Mentor   *August 2023 – Present*
- Provide career guidance, tech stack recommendations, and insights into industry practices.
- Facilitate networking opportunities for mentees, introducing them to potential job opportunities and industry contacts.

IMECE Summit - Shaping the Future   **Istanbul, Turkey**
Panelist   *March 2021*
- Invited as a panelist for the session "Leading Change through Disruptive Models: The Power of Youth."
- Delved into discussions about the impact of youth empowerment programs in tech and perceptions of leadership among the young generation.
